

## MODERN SLAVERY POLICY

Cosmic People Limited is committed to eliminating modern slavery, human trafficking, forced labour, and similar human rights abuses.

Cosmic People Limited is committed to ensuring that its staff and any workers it supplies (directly or indirectly) are not subject to behaviour or threats that may amount to modern slavery, human trafficking, forced labour, and similar human rights abuses.

Cosmic People Limited provides appropriate training and awareness information for staff. In particular:

- Our leadership team receive detailed training in identifying and resolving concerns around modern slavery and human trafficking.

Any staff, workers or other parties are strongly encouraged to report any concerns or suspicions that they might have to our General Manager.

Reports surrounding these issues are taken extremely seriously by our directors, who are committed to ensuring that all investigations shall be prompt and effective. If our investigations reveal any issues, we are committed to taking appropriate action, including but not limited to:

- Working with the appropriate organisations to improve standards,
- Removing that organisation from our preferred supplier list,
- Passing details to appropriate law enforcement bodies.

We regularly monitor our risks in this area through the use of relevant key performance indicators, including:

- The percentage of suppliers who sign up to an appropriate code / provide their own modern slavery statements,
- The effectiveness of enforcement against suppliers who breach policies,
- The amount of time spent on audits, re-audits, spot checks, and related due diligence, and
- The level of modern slavery training and awareness amongst our staff.

We would also recommend reading this in conjunction with our other policies, including our::

- Corporate social responsibility policy,
- Ethical procurement policy,
- Anti-bribery / corruption policy, and
- Whistle-blowing policy.

This policy was adopted on January 2015 after being agreed by our directors. It is reviewed annually.
